Filter revision versioning in ADF 3.x

2020-03-17 09:21 - hidden

Status: Closed	
Priority: Normal	
Category:	
Customer: VW	Product Issue Numbers:
Department: EEIS	Affected Products: ADF 3.6.2
Requester's Priority: Normal	Platform: Ubuntu 18.04 64bit, Windows 10 64bit
Support Level: 2nd Level	Topic: ADF::Common
Resolution: Solved Issue	FAQ Links:
Description Supportanfrage In ADF2 hatte man die Möglichkeit Filter Revision hinzufügen. wie kann man das in ADF3 machen? Lösung Statt ADTF_PLUGIN einfach ADTF_PLUGIN_VERSION verwenden und eine eigene Version definieren. z.B. <pre>ADTF_PLUGIN_VERSION("Demo Code Generation Plugin", myversion, 0, 8, 15, cCodeGenerationDataGenerator, cCodeGenerationDataAccess);</pre> In #8232 siehst du wie es am Ende aussieht.

Hallo Franck,

ich bin mir nicht 100% sicher was genau du meinst aber ich gehe jetzt mal davon aus, dass du von Versionierung sprichst ?
Wenn ja, dann kannst du statt [ADTF_PLUGIN](#) einfach [ADTF_PLUGIN_VERSION](#) verwenden und eine eigene Version definieren.

z.B.

```
ADTF_PLUGIN_VERSION("Demo Code Generation Plugin",  
                    myversion,  
                    0, 8, 15,  
                    cCodeGenerationDataGenerator,  
                    cCodeGenerationDataAccess);
```

In [#8232](#) siehst du wie es am Ende aussieht.

Hallo Florian,
danke das ist genau was ich gesucht habe.

viele Grüße
Franck
