Description

Supportanfrage

I wanted to inform you about a problem in the example of Streaming Sources.
https://support.digitalwerk.net/adtf/v3/guides/sdk_streaming_source.html

While generating the VS 2017 solution using cmake gui, an error occurs (see Capture.PNG). I have attached the cmake logs.
The problem is that filter adtf::filtersdk is not found.
The workaround was to add filtersdk to the required components in CMakeLists.txt
find_package(ADTF COMPONENTS systemsdk REQUIRED filtersdk REQUIRED)

Lösung

Will be fixed in ADTF 3.7.0 for both guides, Streaming Source and Streaming Sink.

Note:

```
find_package(ADTF COMPONENTS systemsdk filtersdk REQUIRED)
```

is enough
