<b>Description</b>	
<b>Supportanfrage</b>	
Noch ein Verbesserungsvorschlag für die Angabe von Relativen Pfaden von Filenamen (filename Property). Offenbar wird der Pfad relativ zum adtf_launcher.exe genommen, oder zum Start-Directory. Damit funktioniert die Session nicht gleichzeitig im Release und Debug. Es wäre besser, wenn der Pfad relativ zum File ist, in dem er angegeben wird also in diesem Falle "SimplyPlaybackSession.adtfproperties"	
<b>Lösung</b>	
Das Pfadhandling wird derzeit nochmal geprüft und überarbeitet. Siehe Ticket: <a href="http://km-aev.in.audi.vwg/redmine/issues/36648">http://km-aev.in.audi.vwg/redmine/issues/36648</a>
