<b>Description</b>			
<b>Supportanfrage</b>			
Ich möchte einen Bug melden:			
Werden mehrere Filter im Configuration Editor gleichzeitig per Strg+Klick markiert und per Rechtsklick "Activate" oder "Deactivate" ein- oder ausgeschaltet, wird beim nächsten "Quick Launch" keine Aufforderung zum Abspeichern der Änderungen angezeigt, die man bei anderen Änderungen immer angezeigt bekommt. Die Session launcht dann im zuletzt abgespeicherten Zustand, der nicht dem aktuellen im Configuration Editor angezeigten Stand entspricht.
