Customer: BOSCH	Product Issue Numbers:
Department: CC-DA/ESU	Affected Products: ADTF 2.13.3
Requester's Priority: Normal	Platform: Windows 10 64bit
Support Level: 2nd Level	Topic: ADTF::Common
Resolution: Not Supported Scope	FAQ Links:
Description	
Support Anfrage:	
<p>I need some information regarding to Qt visualization using in CANape (Vector). I've developed a visualization filter to ADTF environment based on Qt framework. After the building I getting the .plb file from it as an independently filter. This filter is so fancy and has so many useful stuff. End of all I would like to utilize our visualization solution in Vector tool (CANape). I heard it is possible. Can you support me?</p>	
Lösung:	
<p>Not supported. This is out of our Support Scope. We don't develop CANape and also did not have any rights for the Vector software. The User will contact the Vector Support.</p>

Hello Peter,

End of all I would like to utilize our visualization solution in Vector tool (CANape).

This is out of our Support Scope. We don't develop CANape and also did not have any rights for the Vector software.
I'm sorry, but we can't give any support for this request.
If you want to utilize your solution with the Vector tool, you have to contact the Vector Support.

With your approval we will close this ticket.

Hi Matthias

Thank you for your answer
I know this topic is on so border field --> between your SW framework and Vector product
Then now I writing to Vector Support team
