Customer: VW	Product Issue Numbers:
Department: CARMEQ	Affected Products: ADTF 2.14.0
Requester's Priority: Normal	Platform: Windows 10 64bit
Support Level: 2nd Level	Topic: ADTF::Common
Resolution: Not Supported Scope	FAQ Links:
Description	
Supportanfrage	
Would it be possible to get a adtf-2.14.0 binary that was compiled with the latest Visual Studio 2019?	
Lösung	
no, only Visual Studio 2010 SP1 (vc100) version is available, and no other compiler versions are planned anymore, the product will be discontinued https://support.digitalwerk.net/news/38	
A compiler upgrade would technically not have been possible due to missing APIs and binary compatibility issues. Therefore amongst other things, ADTF 3.x exists, where features of new VC compilers can be used	
At the moment, for ADTF 3.6.x, Visual Studio C++ 2017 (VC141) is being used, as in Qt 5.12.x and other 3rd party dependencies
